Darell Bentz President

Plant Location - 155 Southport

Bentz Boats has set the standard for quality and innovation for over 35 years. Since our 1st aluminum jetboat boat built in 1970 we have developed superior quality, efficient and agile handling boats. Through years of personal and commercial use, customer feedback and innovative designs, Bentz Boats has acquired a domestic and international clientele not only for our superior boat design but also our commitment to quality. Attention to detail and a high quality build standard makes Bentz Boats extremely tough with a high degree of impact resistance and helps ensure that each boat operates with a minimum of maintenance.

Bentz pioneered features include the sled shaped bow, forward and center pilot station, short stroke mechanical stick steering and delta pad bottom. These features contribute to our boats' superior handling, quick planing and shallow running capabilities.

Riener 24' Single Gasoline

Riener's boat is powered by a 8.1L Marine Power HO engine and coupled to a Hamilton 212 with 4.0 turbo impeller. Features include air ride seats cross the front, bench seats with backrests, top trays, fish box in the floor and integrated into the swim deck, heater, pilot and passenger pantograph wipers, full instrumentation, removable rear rails, dome lights, stereo with 2 speakers, fish finder, wash-down kit, rear corner seats, diamond tread floors, self-bailing motor cover lids, anchor box watertight cross storage box and Coast Guard approved running and navigation lights.
