Whale Tales - "Big Mike"

The "Big Mike" is the latest in whale watching boats for Juneau, Alaska. The Honda 250 outboards offer a very quiet ride while still providing the speed required to quickly get the wildlife viewing areas. Diesel heaters, an on board head with large viewing windows in the cabin space and a spacious aft deck gives Whale Tales clients a great Alaskan experience in comfort, style and safety.

Bentz Boats has set the standard for quality and innovation for over 40 years. Since our 1st aluminum jetboat boat built in 1970 we have developed superior quality, efficient and agile handling boats. Through years of personal and commercial use, customer feedback and innovative designs, Bentz Boats has acquired a domestic and international clientele not only for our superior boat design but also our commitment to quality. Attention to detail and a high quality build standard makes Bentz Boats extremely tough with a high degree of impact resistance and helps ensure that each boat operates with a minimum of maintenance.

Bentz Boats has developed our hull designs to operate in the conditions specific to each customer. From shallow, fast running rivers to open saltwater conditions. Each boat is designed with passenger comfort, stability and safety in mind.
