## Salmon River 20' Single

Idaho's Big River Outfitters wanted a smaller boat to compliment their existing 28' Bentz twin. The narrow bottom allows the ability to operate the boat in the shallow water, narrow rapids area of the Salmon River.

Powered by a single Kodiak 350 and Hamilton 212 this boat is ideally suited for the driver and 4 fishermen it typically will carry.

The boat consists of a removable top frame during pleasant weather, self draining high deck, fish box, stereo and speakers, fish finder, heater, removable side curtains with backdrop and 4' bench

Bentz Boats has set the standard for quality and innovation for over 35 years. Since our 1st aluminum jetboat boat built in 1970 we have developed superior quality, efficient and agile handling boats. Through years of personal and commercial use, customer feedback and innovative designs, Bentz Boats has acquired a domestic and international clientele not only for our superior boat design but also our commitment to quality. Attention to detail and a high quality build standard makes Bentz Boats extremely tough with a high degree of impact resistance and helps ensure that each boat operates with a minimum of maintenance.

Bentz pioneered features include the sled shaped bow, forward and center pilot station, short stroke mechanical stick steering and delta pad bottom. These features contribute to our boats' superior handling, quick planing and shallow running capabilities.

## SPECIFICATIONS

**Owner:** Idaho's Big River Outfitters

**Vessel Name:** Princess Alexis  
Commercial
