

Bentz Boats, LLC

POSSIBLE USERS

GUIDES AND OUTFITTERS – high maneuverability, shallow draft, expansive interior room and rugged construction allows comfortable access to remote fishing and hunting opportunities.

EXTREME WHITEWATER ADVENTURES – the shallow draft, rugged construction, powerful engine and pump combination with the turbo impeller make this boat a natural for whitewater enthusiasts seeking new rivers to navigate.

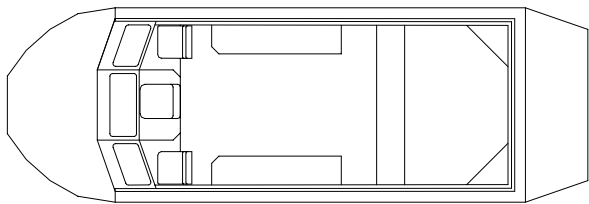

GOVERNMENT AGENCIES – constructed to exceed USCG certification standards this boat will allow law enforcement, wildlife management, search and rescue, fisheries and the military years of dependable, trouble free service.

Charlie Schneider

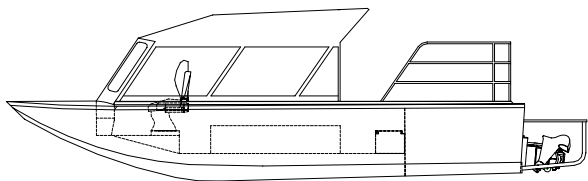

Charlie Schneider of Eagle, Idaho purchased his 2nd Bentz Boat, a 26' twin, updating features from his 1989 model.

Charlie's boat is powered by two Marine Power 350 EFI's and Hamilton's 212 jet pumps with the 3.4 Turbo Impeller. This combination gives him great load carrying capabilities and fast speeds. Standard features include full dash instrumentation with vacuum gauges, pilot spring ride seat, bench seats with backrests, pilot pantograph wiper, fish box, heater, removable rear rails, top rails, dome lights and Coast Guard approved running and navigation lights. Special features include diamond tread floors and high deck with self bailing motor cover lids, a port side passenger spring ride seat with a fold down jump seat on the starboard side, sleeper cushion inserts and sleeper bars to turn bench seats into a bed, passenger wipers for the doors, remote spot light and a gunwale net holder.

Bentz pioneered features include the sled shaped bow, forward and center pilot seat, the short stroke mechanical stick steering and delta pad bottom. These innovations contribute to the boats superior handling, quick planning and shallow running capabilities.
