Calder Mountain Lodge - "Wylie D"

The "Wylie D" was specifically designed for lodge passenger transport and sight seeing in SE Alaska. Transports from Petersburg to the lodge at Point Baker are now easily handled with the 35' twin diesel powered by Cummins QSB5.9, 425hp and Hamilton 274 jets. The spacious passenger interior also includes a protected luggage and cargo storage area. This multi-purpose boat was designed not only for passenger carriage but also the ability to bring lodge supplies, building equipment and supplies and cargo to and from the lodge.

Bentz Boats has set the standard for quality and innovation for over 40 years. Since our 1st aluminum jetboat boat built in 1970 we have developed superior quality, efficient and agile handling boats. Through years of personal and commercial use, customer feedback and innovative designs, Bentz Boats has acquired a domestic and international clientele not only for our superior boat design but also our commitment to quality. Attention to detail and a high quality build standard makes Bentz Boats extremely tough with a high degree of impact resistance and helps ensure that each boat operates with a minimum of maintenance.

Bentz Boats has developed our hull designs to operate in the conditions specific to each customer. From shallow, fast running rivers to open saltwater conditions. Each boat is designed with passenger comfort, stability and safety in mind.
