

Bentz Boats, LLC

POSSIBLE USERS

RECREATION— Luxurious accommodations allow for multi day trips in comfort yet rugged enough to withstand extreme water conditions found throughout the Inside Passage and South East Alaska.

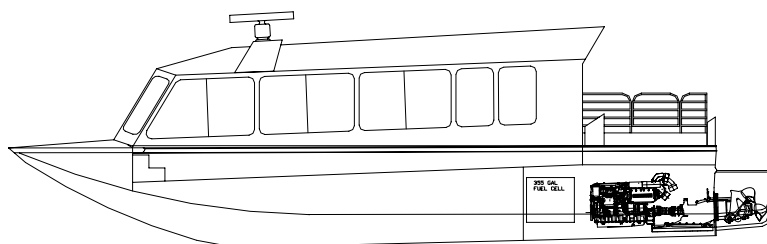

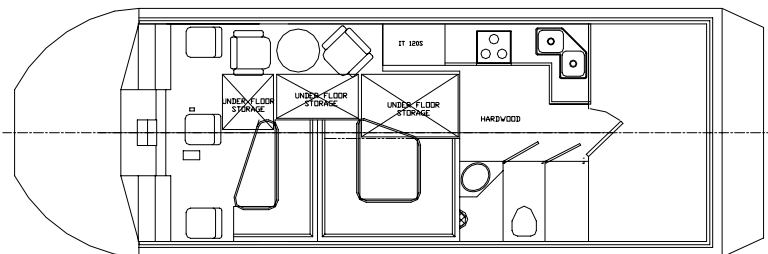

TOUR OPERATORS – Capable of speeds up to 45 mph, hotels, cruise lines, resorts, and tour companies can offer unique trips to enhance the experience of their guests.

"Freedom"

"Freedom" is the ultimate in both passenger carriage and personal use boats. Designed as a Bentz engineered, USCG certified boat for exposed waters standards but with an extremely luxurious yacht style interior.

"Freedom" is the culmination of months of design work and careful thought to construct a boat that will perform dual functions. USCG certified for exposed waters to be able to carry passengers in style but with all of the amenities to live on board for personal use. The boat's interior includes an on board head & shower, full closet, galley, 2 settee's with tables that convert into a single and queen size bed, 2 swiveling captains chairs with a table between and 3 abreast spring ride seats forward are just a few of its features. Electrically the boat has a genset, battery bank system and shore power capabilities to provide the power needed to operate the microwave, stereo system, DVD player with a flat screen TV, hot and cold running water, downriggers and electrical outlets for additional items. Numerous storage compartments were incorporated throughout.

Operating systems include twin 440 hp Yanmars and Hamilton 274 jet units for propulsion, dual helm stations and an intricate Furuno navigation system including auto pilot capabilities.

"Freedom" SPECIFICATIONS

Type of vessel:	Exposed Water Tour/ Recreational
Owner:	Freedom Excursions, LLC Tom Fruechtel
