McMaster 26' Twin

Doug McMaster of McCall, Idaho wanted a boat that would safely handle the tough whitewater of upper Hell's Canyon, the technical waters of the Salmon River and enjoy the beauty at his home on McCall Lake.

Doug's boat is powered by Kodiak Marine 5.7 Liter BFI's and coupled to Hamilton 212's with 3.4 turbo impellers. Standard features include pilot spring ride seat with a small passenger spring ride seat and a jump seat on either side, bench seats with backrests, top trays, fish box, heater, pilot and passenger pantograph wipers, full instrumentation, removable rear rails, dome lights and Coast Guard approved running and navigation lights. Extra's include tinted sliding side windows, fish finder, CB, stereo system, rocket launcher rod holder, rear rail corner seats, watertight cross storage box, hydraulic/electric shift, spot lights and spreader lights, hydraulic trim tabs, washdown and a hardtop.

Bentz Boats has set the standard for quality and innovation for over 35 years. Since our 1st aluminum jetboat boat built in 1970 we have developed superior quality, efficient and agile handling boats. Through years of personal and commercial use, customer feedback and innovative designs, Bentz Boats has acquired a domestic and international clientele not only for our superior boat design but also our commitment to quality. Attention to detail and a high quality build standard makes Bentz Boats extremely tough with a high degree of impact resistance and helps ensure that each boat operates with a minimum of maintenance.

Bentz pioneered features include the sled shaped bow, forward and center pilot station, short stroke mechanical stick steering and delta pad bottom. These features contribute to our boats's superior handling, quick planing and shallow running capabilities.

SPECIFICATIONS

Owner: Doug McMaster
Private, Recreational

Operator: Doug McMaster

Home Port: McCall, Idaho
