## Nelson 25' Twin Outboard

Nelson's boat is powered by twin Evinrude E-Tec 225HO outboards set on a custom offshore bracket. The custom bottom allows for both props and jets to be used. Standard features include spring ride seat with a small passenger spring ride seat and a jump seat on either side, bench seats with backrests, top trays, fish box, heater, pantograph wipers, full instrumentation, welded rear rails, dome lights and Coast Guard approved running and navigation lights. Extras include a diesel heater and diesel cook top, stereo, VHF and CB radios, Lowrance Navigation system and wash-down. The boat is set-up with a standard engine compartment to accommodate a traditional inboard engine and jet unit.

Bentz Boats has set the standard for quality and innovation for over 35 years. Since our 1st aluminum jetboat boat built in 1970 we have developed superior quality, efficient and agile handling boats. Through years of personal and commercial use, customer feedback and innovative designs, Bentz Boats has acquired a domestic and international clientele not only for our superior boat design but also our commitment to quality. Attention to detail and a high quality build standard makes Bentz Boats extremely tough with a high degree of impact resistance and helps ensure that each boat operates with a minimum of maintenance.

Bentz pioneered features include the sled shaped bow, forward and center pilot station, short stroke mechanical stick steering and delta pad bottom. These features contribute to our boats' superior handling, quick planing and shallow running capabilities.

## SPECIFICATIONS

**Owner:** Larry Nelson  
Private, Recreational

**Home Port:** Boise, Idaho

**Designer:** Darell Bentz

**Builder:** Bentz Boats, LLC

**Construction Material:** Aluminum

**Length:** 25'-0"
