## Experience Alaska Tours "Miss Patricia"

The "Miss Patricia" was specifically designed for the open waters of Ketchikan, Alaska and built to ABS High Speed Aluminum Craft Standards and USCG certified for 48 passengers. Triple 425hp Cummins QSB5.9 diesel engines and Hamilton 274 jet units provided a 30 knot cruise with full passenger weights and fuel at 2600 RPM's. Features include a sliding side door to access the crab davit puller in which recreational crab pots are pulled on board to a small processing table. The 2 directional seating forward, internal and external cameras with multiple TV screens throughout the cabin space allow the passengers to view the crab catching and processing procedures. Other features include an on board head, heating, surround sound stereo and PA system along with DVD capabilities for the TV's keeps the passengers entertained and comfortable during their tour.

Bentz Boats has set the standard for quality and innovation for over 35 years. Since our 1st aluminum jetboat boat built in 1970 we have developed superior quality, efficient and agile handling boats. Through years of personal and commercial use, customer feedback and innovative designs, Bentz Boats has acquired a domestic and international clientele not only for our superior boat design but also our commitment to quality. Attention to detail and a high quality build standard makes Bentz Boats extremely tough with a high degree of impact resistance and helps ensure that each boat operates with a minimum of maintenance.

Bentz pioneered features include the sled shaped bow, forward and center pilot station, short stroke mechanical stick steering and delta pad bottom. These features contribute to our boats' superior handling, quick planing and shallow running capabilities.
